

Nippon Zettoc Proposal

Helping to expand oral care in Viet Nam

Our Goal

Nippon Zettoc has been providing oral care products at Japanese market for about 66 years now.

During this long period Nippon Zettoc has accumulated significant toothpaste developmental knowledge, mainly focusing on high added value high functional products.

We would like to use our experience and help further increase quality of oral care in Viet Nam, contributing to overall health and benefiting Vietnamese people.

What are we looking for

We are looking for partners willing to share with us our ultimate mission – make the people of Viet Nam healthy.

Distributors, Dentist Organizations, Dental Health Organizations, companies willing to become our partners.

What can we offer?

- Our long term experience in toothpaste and other oral care/cosmetics development.
- High valued, safe and effective products.
- Our knowledge regarding oral care – specialists in oral care field.

Oral Care Awareness

Promotion Activities Case Studies

Rising Awareness in Taiwan

Organized by Taiwan Oral Care Association (TOCA) we addressed problems in oral care methods among senior population few times.

Rising Awareness in Thailand

Duang Prateep Foundation
Monthly Newsletter for March 2015

Oral Hygiene to Children

It was healthy teeth and gums at the Duang Prateep Kindergarten when H.E. Mr. Thanathip Upathisingha, Thailand's former ambassador to Japan and soon to be ambassador to the Philippines, visited the foundation with his wife Madame Monthip Upathisingha on 2nd March. They came to present 6,000 toothpaste to underprivileged children. The toothpastes had been donated by **Nippon Zettoc Co. Ltd.** through the co-ordination of Mr. Hiroaki Shikida (a Kanagawa Provincial Council Member). The children and Khru Prateep were on hand to welcome them. On at day, the teachers also demonstrated how to use a toothbrush and how to keep good oral hygiene to children.

We actively donate our products to NGO and others to make easier access to high value oral care products in various regions.

We cooperated with Duang Prateep Foundation in the past

Rising Awareness in Hong Kong
