

DEAR PARTNERS,

We would like to extend a wholeheartedly warm greeting to you. The Trade Expo Indonesia (TEI) is here one more time to follow the previous Expo which has successfully attracted 1.550 exhibitors and 14.345 visitors worldwide. This year the Indonesia's largest B2B exhibition is extremely special since it celebrates the 30th anniversary as a trade show which has been organized by the Ministry of Trade of the Republic of Indonesia, and it keeps moving forward to fuel the movement in the ASEAN Economic Community Era.

In cooperation with Ministry of Foreign Affairs, Ministry of Industry, Ministry of Agriculture, State Ministry of Cooperatives, Small and Medium Enterprises and Indonesia Investment Coordinating Board, this Expo is aimed to promote quality "Made-in-Indonesia" products and services to global market, to better develop business and investment networking, and to enhance potentials and opportunities particularly for those seeking business ventures and invest in Indonesia's manufacturing sector.

Since starting this journey, we intend to be the engine of growth not only in Indonesia but also in the region and in the global stage. Yet we know that it will not do any good for us to make these efforts in isolation. It is an Indonesia that grows together with the world that can best work towards these goals. Indeed, we will succeed by working together with our global partners with whom we share a growth vision, and most of all, a dream of bright future.

In this 30 year of TEI's existence we are poised to celebrate our business friendship and the chapter we have lived together. We have a 30 year story that has bound Indonesia and the world together: a story of innumerable business efforts and achievements. And we ask you to join us in making this year's Expo as a trade show of profound celebration.

Now let us rejoice the long road Indonesia and the world have walked down these 30 years and envision the glittering business future that this Expo will help offering.
