

„To whom it may concern”

Linz, March 8, 2019 / Be

L:\500000 - VP Asien\Vietnam\2019-03-08_To whom it may concern.docx

We, D2 Consult International GmbH, an international active infrastructure consulting company based in Linz, Austria herewith do confirm our interest to provide our services in Vietnam and to participate in infrastructure projects in Vietnam.

Our company is focused on tunnelling and related fields and key and core competence are (but not limited to):

- feasibility studies,
- all design phases (conceptional, pre-final, tender, final/detailed design),
- as built drawings,
- construction supervision,
- claim management,
- renovation.

of tunnels and tunnelling projects.

In addition, related services are

- geological investigations and according assessments,
- geotechnical assessment and definition of parameters,
- M&E design & construction supervision,
- Risk assessment and –management,
- Contract management and Arbitration.

We would be honored to get an opportunity to present our company and its full scope of services along with reference projects to your representatives in the near future and remain,

Sincerely Yours

D2 Consult International GmbH
