THE **GATEWAY** TO AFRICA'S AGRIFOOD

The launch of the Tripartite Free Trade Area* (TFTA) from Egypt in 2015 is a sign of a renewed bilateral relation between Egypt and Africa: Egypt is the entryway to Africa, and Africa is the new pathway for economic growth. The TFTA represents an integrated market of 26 countries with a combined population of 632 million which is 57 % of Africa's population, with a total GDP of US\$ 1.3 trillion in 2014 (about 58 % of Africa's GDP). The free trade agreement will bolster intra-regional trade by creating a wider market, increase investment flows, enhance competitiveness, and encourage regional infrastructure development as well as pioneer the integration of the African continent.

*The Tripartite Free Trade Area (TFTA) is the new free trade agreement between the Common Market for Eastern and Southern Africa (COMESA), Southern African Development Community (SADC) and East African Community (EAC).

Food Africa 2017

The conference will provide you with unique insights into the new market trends and demands in Egypt and Africa.

Specialized Platforms

[Hosted Buyers Program

The dedicated B2B platform helps you maximize your benefit and return on investment (ROI) by meeting selected buyers from more than 55 countries. The B2B meetings allow guest buyers to get acquainted with the latest products and trends, negotiate and conclude contracts, and sign agency and distribution agreements.

[Live Cooking Show

The Live Cooking Show is powered by the Egyptian Chefs Association (ECA). The show welcomes the finest internationally-renowned chefs in Egypt, who prepare recipes every day of the exhibition. Made from the sponsors' products and crops and promoted by the Chefs during the show, the resulting recipes are then collected in a cookbook that is distributed to the visitors. In addition, and to ensure that all visitors had a taste of the delicious food, a Live Streaming Screen projects the Cooking Show while the cooked recipes are distributed as sampling to the show's attendees.

"The diverse clientele that visits the show makes Food Africa one of the best specialized exhibitions in Egypt. We are confident of the outcome of our participation."
