Part II. Animal Health Information		Certificate reference number:
	The undersigned Certifying Official certifies that the animal(s)/gametes described above satisfy(ies) the following requirements: Live fish and their gametes and fertilized eggs for human consumption: A. The water area or aquaculture facility of origin have met one of the following conditions (please mark as “X” as applicable): ☐ 1. The following basic biosecurity measures are implemented in the water area or aquaculture facility of origin for at least previous two years: (1) The listed diseases in the Attached table of the Quarantine Requirements for the Importation of Live Fish and Their Gametes and Fertilized Eggs are notifiable to the competent authority of the exporting country. (2) The water area or aquaculture facility of origin has been subjected to an official fish health surveillance scheme according to the procedures described in the Manual of Diagnostic Tests for Aquatic Animals of the World Organization for Animal Health (hereafter referred to as the OIE Aquatic Manual) and is certified that the water area or aquaculture facility of origin is free from the listed diseases in the Attached table of the Requirements for at least the previous two years. ☐ 2. Thirty days prior to the exportation of live fish, and their gametes and fertilized eggs, samples have been collected from the water area or aquaculture facility of origin in accordance with the OIE Aquatic Manual. The samples have been tested with negative results for diseases listed in the Attached table of the Quarantine Requirements for the Importation of Live Fish and Their Gametes and Fertilized Eggs by laboratory that is designated by the exporting country and using the methods described in the OIE Aquatic Manual.	

Certificate reference number:

Results of quarantine inspection:

Disease name	Date of sample collection	Sampling amount	Name of the laboratory testing the samples	Methods of the tests	Results of the tests

- B. For the sample collection and testing, if the test methods of listed diseases are not designated in the OIE Aquatic Manual, the test methods of the diseases that have been published in international science journals shall be used.
- C. The importation of live fish, and their gametes and fertilized eggs for human consumption have been complied with the Article 11 of Act Governing Food Sanitation.
